Top Canadian ingredients X Japanese classic formula

Top quality products from Canada

CHICKPEAS

Plant Protein

Chickpeas contain about 8-9 grams of protein per 100 grams, which is an essential ingredient for muscle growth and repair.

Dietary Fiber

Up to 7-8 grams of dietary fiber helps promote digestive health and prevent constipation.

Vitamins & Minerals

Rich in vitamins A, B6, C, E as well as folic acid, iron, magnesium, phosphorus and potassium and many other essential vitamins and minerals to effectively maintain overall health.

Antioxidants

Rich in antioxidants, they can protect cells from free radical damage.

Low Fat Content

Avoid obesity and maintain a healthy body.

Bright colors and beautiful shapes

Sakura Koi is a world-famous beautiful fish species. Feeding the "Original Series" will help the Koi's colors become more vivid and its posture more graceful.

Accurate scientific data to ensure healthy growth

Made based on professional nutrition and advice from koi breeding experts, it uses natural ingredients and precise formulas to enhance immunity and promote overall health. Three types of feed pellets are provided: S (2mm), M (5mm), and L (7mm), which are suitable for koi carps of different ages and sizes.

Ingredients: Whole fish meal, wheat flour, soybean meal, rice bran, wheat-germ meal, spirulina, squid liver meal, krill meal, astaxanthin, garlic, brewers' dried yeast, carotene, thiamine, riboflavin supplement, pyri-doxine hydrochloride, vitamin A supplement, ascorbic acid, stabilized vitamin C, vitamin B12 supplement, biotin, d-calcium pantothenate, choline chloride, niacin, vitamin D3 supplement, folic acid, menadione sodium bisulfate (source of vitamin K), inositol, para-aminobenzoic acid, zinc sulfate, manganous sulfate, salt, ferrous chloride, copper sulfate, cobalt sulfate, aluminum sulfate, magnesium sulfate, probiotic.

■ 38% High-quality protein

Selected whole fish, squid liver and other natural animal proteins provide koi with sufficient nutrition, promote muscle development and increase growth rate.

■ 4% Spirulina and Krill

Natural pigment enhancer effectively promotes the color display of koi skin and scales, making the colors fuller and brighter.

■ Efficiently absorb wheat germ

Rich in natural vitamins and minerals, it helps digestion and absorption, ensuring that koi fish can stay active even in cold or hot seasons.

■ Caution

- ※ Only for real carp. No need to ask for any other purpose.
- ※ The original product required was left unattended for children to eat.
- ※ When feeding, please be careful not to give too much at one time, otherwise it will easily affect and worsen the water quality.
- ※ The expiration date on the packaging is the expiration date of the product when it is unopened.
- ※ After opening, place in a cool place and feel free to use. All feeds are made from natural ingredients.

Guaranteed Ingredients
