※Approximately 30% less fat

# The Secret of NMN

Enhance  
Neurogenesis &  
Cognition

Increase  
Strength &  
Endurance

Strengthen  
Heart  
Functions

Boost Energy &  
Metabolism

Elevate  
NAD+ Level

Repair  
Cell & DNA

Regulate  
Weight

Anti-aging

As we age, the NAD+ component in the body decreases, and the body's cells and metabolism slow down significantly. The renewal cycle also gradually decreases as the number of stem cells in the body gradually decreases and aging begins. The lower the NAD+ level, the less nutrients the cells receive, the more the cells begin to divide, the slower the DNA replication rate, etc., the more problems accumulate in the body, and the more prone to diseases such as cancer. NMN can supplement the necessary nutrients for the body, prevent the body from aging, and has the effect of rejuvenating the body.

**NMN intake =**  
Activation of genetic longevity factors

UP Metabolism

UP Immunity

UP Immune nerve

UP Muscle mass

NMN  
supplements  
Good

Activation of  
genetic longevity  
factors

## Feeding Methods

- Give directly. (If you want the particles to soften, you can add an appropriate amount of warm or clean water and soak until softened.) Please always have fresh drinking water available. (Since it is a complete nutritional food, only this product and water are needed to get all the nutrients you need in a balanced way.)
  - This product is suitable for adult dogs. Please give special puppy food to puppies under 12 months old.
  - If this is the first time you eat this food, please mix it with your current food before giving it. Gradually increase the amount every day, Complete switch after about 10 days.
  - When giving non-staple foods or snacks such as canned foods, please adjust the amount of food to avoid excessive calorie intake.
- This product is specially designed to adjust the nutritional balance for dogs, please do not give it to other animals.

## Reference daily food intake for each dog over 1 year old

(Only when food and water are given)

Classification	Weight reference	Maintaining weight	When controlling calories
Puppy	2kg	70g	55g
	3kg	100g	75g
Small sized Dog	4kg	120g	90g
	5kg	145g	110g
	6kg	165g	125g
	8kg	205g	155g
Medium sized Dog	10kg	240g	185g
	20kg	405g	310g
Daily Feeding times	Divide the above amount into 1 to 2 doses and give it		

One cup of 200CC measuring cup is approximately equal to 80 grams

## Store Method

- Avoid direct sunlight, please store in a cool and dry place.
- After opening, please be careful to prevent insects and ants from entering, and use it as soon as possible.
- In order to prevent oxidation of the product and maintain quality, a deoxidizer is enclosed. The effect disappears after opening. To avoid accidental consumption, please discard it first.

## Ingredients

[NMN] INMNIS-Nicotinamide mononucleotide (domestic production)/crystalline cellulose, gelatin, Ca stearate, coloring agent (titanium oxide), Grains (wheat flour, corn flour, wheat gluten), soy protein, meat (domestic chicken, domestic chicken liver, beef, domestic chicken fillet), sugars (sucrose, oligosaccharides), animal fats and oils, salt, selenium yeast, vegetables (tomatoes, carrots, spinach), small fish powder, cheese, propylene glycol, minerals (calcium, phosphorus, sodium, chloride, copper, manganese, zinc, iodine, cobalt), sorbitol, modified starch, glycerin, preservatives (sorbic acid, potassium sorbate, sodium dehydroacetate), sodium polyphosphate, acidulant (citric acid, malic acid), methionine, fragrance, coloring agent (titanium dioxide, food red No. 106, food yellow No. 4, food yellow No. 5, food blue 1), vitamins (A, B1, B2, B12, D, E, choline), pH adjuster, antioxidant (sodium erythorbate), coloring agent (sodium nitrite), glucosamine

# Effective Intake of NMN

**Short term**  
1 day to 7 days

# Platinum Series Multiple Effects NMN DOG FOOD

## Key Nutrients, All from Nature

NMN, as the precursor of NAD, enhances the vitality and health of pet cells.

## Keep Young and Rejuvenate

NMN can bring a new anti-aging experience to your pets, making them full of vitality.

## Scientific Certification Health Protection

Studies have confirmed that NMN has a positive effect on improving blood sugar control and promoting neurological health in pets.

## Natural Ingredients, Healthy Sources

Choose natural ingredients containing NMN, such as tomatoes and broccoli, to provide your pet with the best nutrition.

## Combined with exercise, the effect is better

Through the dual effects of moderate exercise and NMN nutrition, pets can be helped to maintain optimal health.

## Low fat design

Maintain delicious taste and reduce fat content by approximately 30%

## Keep Healthy for Stomach

Natural raw materials containing dietary fiber support gastrointestinal health.

## Keep Healthy for Bone&Joint

With glucosamine and chondroitin.

Pirimiphos-methyl	---	---	2	5
Malathion	---	---	2	5
Methamidophos	---	---	2	5
Aflatoxin B <sub>1</sub>	---	---	2	3
Deoxynivalenol	0.06 $\mu$ g/g	---	6	6
Cadmium	0.58 $\mu$ g/g	---	7	7
Lead	0.45 $\mu$ g/g	---	7	7
Inorganic arsenic	---	---	2	5
BiC (or-BiC, $\beta$ -BiC, $\gamma$ -BiC and $\delta$ -BiC)	---	---	2	5
DDT (including DDD and DDE)	---	---	2	5
Aldrin and dieldrin	---	---	2	5
Endrin	---	---	2	5
Heptachlor and heptachlor epoxide	---	---	2	5
Melamine	---	---	2	5

QL: Quantitation limit N: Notes M: Method  
Notes  
1: Ministerial Ordinance No. 1 (2009), issued by the Ministry of Agriculture, Forestry, and Fisheries and the Ministry of the Environment  
2: --: Not calculable because the test result was below the quantitation limit.  
Method  
1: Air oven method 2: Diazotization method  
3: HPLC 4: Gas chromatography-mass spectrometry  
5: Gas chromatography 6: Liquid chromatography-mass spectrometry  
7: Atomic absorption spectrometry 8: Liquid chromatography-inductively coupled plasma mass spectrometry
