## CHICKPEAS

### Plant Protein

Chickpeas contain about 8-9 grams of protein per 100 grams, which is an essential ingredient for muscle growth and repair.

### Dietary Fiber

Up to 7-8 grams of dietary fiber helps promote digestive health and prevent constipation.

### Vitamins & Minerals

Rich in vitamins A, B6, C, E as well as folic acid, iron, magnesium, phosphorus and potassium and many other essential vitamins and minerals to effectively maintain overall health.

### Antioxidants

Rich in antioxidants, they can protect cells from free radical damage.

### Low Fat Content

Avoid obesity and maintain a healthy body.

## Champion-level quality, originated from professional breeding base in Japan

Carefully designed by professional breeders at the Japanese Champion Koi Breeding Base, it helps Koi grow rapidly in a short period of time while maintaining a beautiful body shape and health.

## Accurate scientific data to ensure healthy growth

Made based on professional nutrition and advice from koi breeding experts, it uses natural ingredients and precise formulas to enhance immunity and promote overall health. Three types of feed pellets are provided: S (2mm), M (5mm), and L (7mm), which are suitable for koi carps of different ages and sizes.

Ingredients: Whole fish meal, squid liver meal, wheat-germ meal, brewer's dried yeast, soybean meal, shrimp meal, dehydrated spirulina, krill, silkworm, garlic, carotene, norio spora germ, thiamine, riboflavin supplement, pyridoxine, hydrochloride, vitamin A supplement, ascorbic acid, vitamin B12 supplement, biotin, calcium pantothenate, choline chloride, D activated animal sterol (source of vitamin D3), folic acid, menadiol sodium bisulfate (source of vitamin K activity), inositol, para-aminobenzonic acid, zinc oxide, manganous oxide, salt, ferrous chloride, copper sulfate, cobalt sulfate, aluminum sulfate, magnesium sulfate, mannans, beta glucan, probiotic.

### ■ 42% High protein content helps koi grow rapidly

High protein sources from silkworms, whole fish, squid liver and krill for strong muscles and a toned body.

### ■ Added multivitamins and omega-3, 6 fatty acids

A multi-vitamin combination such as vitamin D, B-12, C, A, and E enhances the koi's immunity; omega-3 and 6 fatty acids help improve the health of the scales, making them smooth and bright.

### ■ Natural appetite stimulant to ensure strong appetite

The addition of pumpkin, honey and garlic can effectively stimulate the appetite of koi. Regardless of seasonal changes, it can maintain a strong appetite and ensure that the growth rate is not interrupted.

### ■ Caution

- ※ Only for real carp. No need to ask for any other purpose.
- ※ Please keep this product out of reach of children to avoid accidental ingestion.
- ※ When feeding, please be careful not to give too much at one time, otherwise it will easily affect and worsen the water quality.
- ※ The expiration date on the packaging is the expiration date of the product when it is unopened.
- ※ After opening, place in a cool place and feel free to use. All feeds are made from natural ingredients.
